The Live Silver Museum, as a new offer (the newest member), opened in the Sigulda Castle Quarter. The exposition was created by the jeweller, artist and philosopher Oļegs Auzers. Visitors have the opportunity to learn the story of the origin of each artwork and get to know the various characteristics of silver, take a guided tour, as well as taste silver water.

## NATURE AND CITY LIFE

### WALKING STICK PARK

One of Sigulda's most recognisable symbols is the famous walking stick. The presence of it can already be found in brochures issued in the 19th century, which stated that "a walking stick that can be bought from a boy, will be useful for walking along Sigulda's ravines". Therefore, this park serves as a reminder of this legend. To this day, walking sticks are still the most popular souvenir in Sigulda.

### FESTIVITY SQUARE

There are a few who are able to stay indifferent and hold their breath while the sun sets and the fog swells over the ancient valley, when standing at edge of the Festivity Square. This view not only delights the guests of the city, but also the locals of Sigulda, who gather here to remind themselves from time to time that they live in Latvia's most beloved and beautiful city. This is also a very popular place to take photos!
